Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *Groupware; A Key to Managing Business Teams?* Business teams are becoming a way of life in many organizations. Business teams tend to be deadline driven and focused on specific tasks. The participants in a business team typically are assigned because of their ability to contribute, rather than on the basis of bureaucratic obligations. Thus, unusual combinations of people are usual within business teams. Business teams are cross-organizational, cross-divisional, and sometimes even cross-company. They are small in size and fast on their feet. Business teams are seen by many as a wave of the future. Peter Orucker, for example, expects that, in the organization of the future, Traditional departments will serve as guardians of standards, as centers for training, and the assignment of specialists; they won't be where the work gets done. That will happen largely in task-focused teams. (HBR, Jan-Feb, 1988). Robert Reich urges managers to honor our teams more, our aggressive leaders and maverick geniuses less. (HBR, May-June, 1987, Page 78). About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
