Createspace, United States, 2015. Paperback. Book Condition: New. 227 x 153 mm. Language: English . Brand New Book ***** Print on Demand *****.In the words of the Author: In this book I ll tell you the story of how I discovered osteopathy while I was already a medical student, what I learned from my patients over the years, how I founded a center for osteopathic teaching and treatment, and how I reached the point where I m helping to train the next generation of osteopathic practitioners and our colleagues in related fields in North America, Europe, the Middle East, and Asia. In the process I may reveal what many people possibly suspect, that physicians are not gods. Along the way, I ll tell you many stories of healing. I ll give you some idea of the how s and why s of osteopathy. For anyone who wants a high level of wellness; for anyone who wants care that fulfills the ancient physician s principle first do no harm ; for health-care professionals who want to learn a safe and effective way of helping patients; and for patients who still suffer despite years of medical treatment, it is my passionate desire to offer a special gift: the gift of hope and some knowledge about how to proceed. There is a better way.
