

Antidepressants, Antipsychotics and Stimulants - Dangerous Drugs on Trial

By Ph. D.

Soaring Heights Pub. Paperback. Book Condition: New. Perfect Paperback. 356 pages. Dimensions: 10.6in. x 8.9in. x 1.0in. This book exposes a major marketing scheme that is currently under way, and unfortunately our children are the primary targets! The new federally mandated TeenScreen program is nothing more than a deceptive marketing scheme to place as many children as possible (even preschoolers), on one or more highly profitable, although unbelievably dangerous drug. Unfortunately, it has been working! This mandatory mental screening process was deliberately designed to assure that many perfectly normal children would now qualify for one or more of these very profitable drugs. And it's making its way across America through public schools! It all began with the 374 different newly created mental conditions in order to justify placing our children, (including preschoolers), on one or more of the dangerous mind-altering drugs that, although legal, can still be lethal! Only one of the sixteen drugs being promoted for children's use was actually tested on, or approved by the FDA for children's use! With approximately 575 potential side effects associated with Prozac that were listed with the FDA, and over 20,000 law suits settled by the maker Eli Lilly,...
