Food grains. emotions. will inevitably be suffering from this or that disease. Life has never given birth to a disease does not exist. the key is less disease. get sick as soon as possible after rehabilitation. This raises two important issues. less sick to strengthen the prevention of disease; speedy recovery is the task of clinical treatment and rehabilitation medicine. Common diseases prevention and family rehabilitation Series on Science and Technology Education Publishing House is around this center expanded its focus on home-based rehabilitation. As the saying goes. is raising seven of disease thirds rule is equivalent here to say support in the sense of family rehabilitation. Generally speaking. in the acute stage of the disease. is the main treatment and the treatment of patients as well as diet. rest. must be under the guidance of a doctor. Family complex is not. this stage of the disease has stabilized. the indicators have been normal or near normal. For the restoration of health. at this stage. in addition to cooperate with medical treatment. yet reasonably nursed back to health and care of dietary. psychological. and exercise. Patients and their families should establish a new concept of family rehabilitation. should be home-based rehabilitation as a necessary stage of the disease prevention and control. emphasis on family rehabilitation to restore the role of disease. The diet is not only to maintain the material basis...
