MEDICAL LAW A VERY SHORT INTRODUCTION VERY SHORT INTRODUCTIONS

Oxford University Press. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 6.7in. x 4.3in. x 0.6in. Medical law touches on many of society's most hotly debated issues, from the status of the embryo to the withdrawal of life-sustaining treatment, and from assisted suicide to research on humans, organ transplantation, and the ownership of body parts. The media shines a glaring light on these and many other contentious medical questions, but as legal authority Charles Foster points out, camera flashes don't shed real light. To truly grasp these issues, Foster argues, you have to dive deep into the particular cases, and further, to the principles behind the cases. In this highly readable and entertaining book, Foster illuminates those principles, illustrating them with examples from many fascinating and notorious cases. He sheds light on such controversial and significant topics as clinical negligence, patient confidentiality, euthanasia, informed consent, abortion, in vitro fertilization, and much more. Whatever your interest in medical law--as a healthcare professional, policy-maker, law student, or just the concerned owner of a body--this Very Short Introduction is essential reading. About the Series: Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects--from Islam to Sociology, Politics to Classics, Literary Theory to History, and Archaeology to the Bible. Not simply a textbook of definitions, each volume in this series provides trenchant and provocative--yet always balanced and complete--discussions of the central issues in a given discipline or field. Every Very Short Introduction gives a readable evolution of the subject in question, demonstrating how the subject has developed and how it has influenced society. Eventually, the series will encompass every major academic discipline, offering all students an accessible and abundant reference library. Whatever the area of study that one deems important or appealing, whatever the topic that fascinates...
