"The present book "An Introduction to Birds" in which complete description of different types of birds has been given. The types have been drawn from all the classes of birds. In order to make the book subjective and informative, the complete and update help of outstanding works of various authors have been taken and we are highly grateful to them. We have tried to prepare the book will all important animals, describing their detailed classification, morphology, anatomy, physiology and embryology. "Authors hope that the book will be proved to be a boon for the readers, students as well as teachers." (jacket) No. 32284 242 pp.
