John C. Scott. Paperback. Book Condition: New. Paperback. 221 pages. Dimensions: 8.7in. x 5.9in. x 0.5in. Finally, this brand new book exposes the secrets of computers for everyone to see. Its humorous title begins with the punch line of a classic joke about someone who is baffled by technology. It was written by a 40-year computer veteran who wants to take the mystery out of computers and allow everyone to gain a true understanding of exactly what computers are, and also what they are not. Connect a few of these together and you get a new part that does another simple thing. After just a few iterations of connecting up simple parts - voil! - its a computer. And it is much simpler than anyone...
