McGill-Queen's University Press, Canada, 2016. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Bernard Lonergan (1904-1984) was a Canadian Jesuit philosopher, theologian, and humanist who taught in Montreal, Toronto, Rome, and Boston. His groundbreaking works *Insight: A Study of Human Understanding* (1957) and *Method in Theology* (1972) attempt to discern how knowledge is advanced in the natural sciences, the human studies, the arts, ethics, and theology. In *Engaging the Thought of Bernard Lonergan*, Louis Roy stresses the empirical aspect of Lonergan's cognitional theory in relation to the role of meaning, objectivity, subjectivity, and historical consciousness. Rather than introducing every facet of his philosophy and theology, Roy delivers a balanced account of Lonergan's achievements in fifteen discrete studies, delving into the implications of his cognitional theory for religious experience, theology, education, truth, classicism, relativism, and ethics. Discussing aspects of Lonergan's thought that are seldom examined, these fifteen studies represent, criticize, and develop the ideas of one of the most important thinkers of the twentieth century. Demonstrating the richness of one scholar's contributions to contemporary culture, *Engaging the Thought of Bernard Lonergan* presents a thoughtful analysis and a significant advance in Lonergan studies.
