PRINCIPAL EMERGENCY RESPONSE AND PREPAREDNESS REQUIREMENTS AND GUIDANCE

[DOWNLOAD](#)

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 74 pages. Dimensions: 8.4in. x 5.8in. x 0.7in. OSHA 3122-06R, Principal Emergency Response and Preparedness Requirements and Guidance, addressed the fact that the importance of an effective workplace safety and health program cannot be overemphasized. There are many benefits from such a program, including increased productivity, improved employee morale, reduced absenteeism and illness, and reduced workers compensation rates. Unfortunately, workplace accidents and illnesses still occur in spite of efforts to prevent them, and proper planning is necessary to effectively respond to emergencies. Several Occupational Safety and Health Administration (OSHA) standards explicitly require employers to have emergency action plans for their workplaces. Emergency preparedness is a well-known concept in protecting workers safety and health. To help employers, safety and health professionals, training directors, and others, the OSHA requirements for emergencies are compiled and summarized in this booklet. This publication provides a generic, non-exhaustive overview of OSHA standards for emergencies. It is not intended to alter or determine compliance responsibilities in OSHA standards or the Occupational Safety and Health Act of 1970. Please review the current OSHA standards applicable to your work operations to ensure your compliance. NOTE: The Americans with Disabilities Act (ADA) imposes specific obligations on employers relative to employment of individuals with disabilities. The United States Equal Employment Opportunity Commissions website provides employer resources for addressing ADA requirements in private workplaces, including Enforcement Guidance on Reasonable Accommodations. The Job Accommodations Network publication Emergency Evacuation Procedures for Employees with Disabilities provides planning information and resources on emergency procedures for employees with disabilities. To use this publication effectively, you should review the standards identified for your industrial sector(s) and determine if they apply to your workplace. Each standard listed in this publication includes a general description of...
