paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 238 Publisher: Zhejiang University Pub. Date :2011-07-01 version 1. Wei-Min Xu. Xia Jingfen. Tang Li compiled the basic chemistry experiment by the basic knowledge. basic operation of experimental equipment and techniques. basic and comprehensive experiments. research and design of experiments. the literature synthesis experiments and Appendix VI parts. Experimental apparatus and some of the basic technique described in graphic form commonly used in chemical experiments in the use of the instrument. the use of standard precautions and operating techniques; basic and comprehensive experiments focus on capacity analysis. determination of basic physical properties. synthetic and natural inorganic and organic physical separation technology to build the active ingredient; research and design of experiments and experimental synthesis of the literature focus on training the students have mastered the knowledge of the flexible use of capacity. Basic chemistry experiment will be part of the experiment into a series of content design. emphasizing the experimental chemical knowledge in the biological. environmental and other disciplines in the application of stress test report writing and assessment of the normative standards of uniformity. As a comprehensive university can be biological. environmental. food. agriculture. forestry. aquaculture and other professional basic chemistry experiment material. also available in the chemical laboratory or research staff in the chemical reference. Contents: Section I Chapter basics of teaching basic chemistry experiment and the basic requirements of a purpose. the purpose of teaching basic chemistry experiment two. the basic requirements of basic chemistry experiment II safety rules and common sense a laboratory. laboratory Rule number two. knowledge of laboratory safety and chemical reagents III a laboratory water. laboratory water. two chemical reagents. glassware commonly used in the fourth quarter and custody level...
